This class is an Introduction to Flamenco Dance & Song—
Parents are well come to participate with their children!

We will teach basic rhythm and dance skills, with some singing and palmas (hand clapping) combined with a simple choreography. This dance is for festivals in Sevilla. Class will be conducted in Spanish and English enabling your child to learn simple Spanish words and dance language commands. The song is in Spanish so the children will learn the verses of the dance with guitar accompaniment.

Performances | Private Classes negotiable

*no class 4 apr & 7 jul
